

# ProPrint PU

## Product Information

**velflex**  
Heat Transfer Specialists

High Quality Heat Transfer Flex Film for Solvent/Eco-Solvent Printing

ProPrint PU is a slightly satiny aspect polyurethane film. Compatible with all solvent and eco-solvent equipments and completely ecofriendly. ProPrint PU is easy to print and cut, using application tape and then transferred with a heat press. It is suitable on most garments (cotton, polyester, lycra, nylon), but for more efficiency, we recommend to make some tests prior to use.

### Technical Information:

- Substrate for solvent/eco-solvent inks
- Washable up to 60°C
- Transfers to textiles: 8-15 seconds / 150°C - 160°C / 1.5 - 2 bar

### Packaging:

- Rolls of 25 metres - width: 100cm
- Rolls of 25 metres - width: 50cm

### Application to material:

- Cotton
- Polyester
- Polyester/cotton
- Lycra
